

# Form and Function Meet Fun

The Segway® Personal Transporter (PT) i2 SE is the perfect synthesis of function, form and fun. The i2 SE travels seamlessly both indoors, passing through a standard doorway, and outdoors. It's capable of impressive range and speed making it ideal for trips that are too far to walk and too short to drive — and our SegSolution accessory packages meet the needs of nearly every glider.

\*Actual range depends on terrain, payload and riding style

## COMMUTER SOLUTION

Glide up to 24 miles in a quick, comfortable and eco-friendly way. This package delivers additional storage as well as a handlebar accessory that features an articulating mount for your smartphone/tablet to help you navigate and stay connected.

## COMMERCIAL SOLUTION

Improve productivity by efficiently traveling throughout vast warehouses and easily maneuvering in narrow aisles by leveraging the i2 SE's zero turning radius. This package features a practical quick release carrying mount for rapid loading/unloading of cargo, waterproof storage cases and a handlebar accessory that features a smartphone/tablet articulating mount to keep you connected to the team.

## LOGISTICS SOLUTION

Further improve productivity with enhancements to our Commercial Package. This package boasts the option of either cargo cases or open storage bins to meet your specific needs. This configuration also offers the incredibly useful Power Pack Front Mount Case that provides riders storage as well as a 12 volt battery to power additional lighting, a warning horn and charge a smartphone/tablet.

## CAMOUFLAGE SOLUTION

Camo your glide, venture out and explore -- purely for fun! This package appeals to the inner warrior in all of us with its Mossy Oak Break-Up Infinity™ camouflage pattern. It's adhered to the LeanSteer, center console and fenders with a robotics application process to ensure a superior quality finish.
